

Open Enrollment Software Training

We understand that learning how to use Reading Horizons software without guidance can be overwhelming. That's why we now offer free, open-enrollment *Reading Horizons Discovery*[®] and *Reading Horizons Elevate*[®] software training to give you the confidence you need to use the programs effectively.

My third graders made 100% gains on their Literacy test! I'm so glad we have access to Reading Horizons online software where my students can make great gains at their own pace. Thanks, RH team!
